

Alec E. Pedigo

Alec has considerable experience litigating complex commercial matters focused on employment and corporate/partnership disputes involving breach of fiduciary duty, breach of contract, misappropriation of trade secrets, restrictive covenants, fraud, tortious interference with contract, deceptive trade practices, and other business-related torts. Alec has successfully drafted and argued numerous discovery related motions, motions for summary judgment, and applications for temporary injunctive relief in a variety of complex commercial matters. Alec also has extensive knowledge and experience in matters involving construction law, including mechanic's liens.
